GLOW

USI GLOW is a place-based site for 120 single parent households with children who reside in the Harwood, Barclay, Midway, and Greenmount West communities in Central Baltimore. In collaboration with Central Baltimore Partnership, USI has connected with place-based resources in the pillars of health, economic mobility, housing stability, and education. GLOW has been focused on increasing community presence, connecting families to supportive programs, and building trust and rapport to ensure families are on the path to move to stable and thriving.

61% of families have checking accounts

Propelling Educational Success:

USI will continue connecting with local partners to increase the amount of youth engaged in positive, high-quality out of school programming to enrich youth personally and academically. Currently, 75% (3 of the 4) of 0-5 year olds are enrolled in early learning programming and 35.7% (10 out of 28) of youth are currently enrolled in positive out of school activities.

72% of households are enrolled in health insurance

Improving Health & Wellness:

USI will support improving community health by ensuring every resident has access to primary, preventative, and behavioral health healthcare programs along with access to nutritious foods and the elimination of food insecurity. Currently, 72% (13 out of 18) families are enrolled in health insurance and have a primary care provider. 4 out of the 18 families enrolled have identified having a chronic illness.

75% of 0-5 year olds enrolled in early learning programs

23 families are enrolled in Family Support

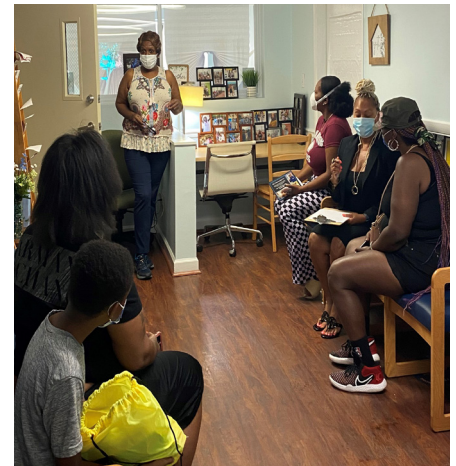

Moving Families to Economic Self-Sufficiency:

USI is building out workforce partnerships to offer a multitude of different training programs and/or job placements to support families in building on their skills, stepping into a new career, and increasing their income. Currently, 39% (7 out of 18) of families enrolled have wage income. 61% (11 out of 18) families have checking accounts, and 44% (8 out of 18) families have savings accounts. This is baseline and starting data for the families as they are enrolled in GLOW.

Family Support Services:

Currently the GLOW team supports 79 individuals (23 families) in the GLOW project footprint with the goal of supporting 120 families in total. GLOW is fully staffed with 2 Family Support Specialists who are currently engaging in outreach, rapport building, and enrolling families. Family Support Specialists will build to hold a caseload of 60 families each.

All Families are Stable and Thriving

USI Human Capital Communities

In order to create successful and thriving neighborhoods that include equitable pathways to social and economic mobility for families, USI plans and coordinates a thoughtful network of supports that operate concurrently with community revitalization efforts during the Planning, Redevelopment, and Sustainable life cycles of each community. To ensure the coordination of

these supports, USI provides a seamless family supportive services system to offer residents a single point of entry to a full continuum of resources, services, and programs. In support of Human Capital Communities, USI coordinates with property management staff for the delivery of on-site programs and services.
