Near North Side

USI at Preservation Square is leading the effort of connecting individuals to resources, partners, and opportunities in creating a pathway towards a STABLE and THRIVING life for all children and families in Preservation Square.

The average household income is \$21,037

Propelling Educational Success:

USI works with local partners to increase children's participation in high-quality early learning programs and youth enrichment activities. Currently 59% of 0-5 year olds are enrolled in early learning programming, 93% of early learners have been screened for developmental delays, and 57% are enrolled in positive out of school activities.

87% of targeted residents have health insurance

Improving Health & Wellness:

USI assists residents in gaining health insurance and receiving consistent wellness or care appointments with their primary care provider for their families. Currently, 87% of targeted residents have health insurance and 80% have a primary care provider. 44% of families report they have a chronic health condition and 82% out of that 44% have connected to an appropriate health care provider to manage their chronic condition.

93% of early learners have been screened for developmental delays

Moving Families to Economic Self-Sufficiency:

USI is assisting all households with able-bodied working-aged (16+) youth and adults to grow economically through full time or part time employment, enrollment into a job train program, and/or empowerment of entrepreneurship within the community. Currently, 61% of families have wage income. The annual average earned income is \$21,037 which is up from \$5,600 in 2018.

174 families are enrolled in Family Support

Family Support Services:

USI supports families through our Family Support Services, a version of case management that focuses on five key pillars to STABLE and THRIVING: economic mobility, education, health, housing, and policy and resident engagement. The Family Support Services are offered before, during, and after site redevelopment. Preservation Square is fully staffed with (3) Family Support Specialists and (1) Education Specialist engaging in community outreach, supporting and building families. There are currently 461 participants (174) households that are actively engaged in services with USI.

All Families are Stable and Thriving

Our Experience with Choice Neighborhoods

USI partners with a diversity of stakeholders in Choice Neighborhoods sites to create and implement comprehensive neighborhood plans with a focus on human service needs. We owe our success with Choice Neighborhoods to our commitment to using a Results-Based Accountability framework that governs our approach to service delivery. We are using data to constantly measure and improve our

programs for children and families in real time. Using our LEARN (Learning for Effective Actions to Revitalize Neighborhoods) performance measurement system, Urban continuously builds evidence on what works best for the more than 30,000 families we serve. We aim to further build upon early successes with Choice to realize our organizational vision that “All families are stable and thriving”.
